

REGIONAL JUROR

This is to certify that

JULIANNE FIELD

Contributed to the Australian Institute of Architects' Queensland Awards Programme 2022, through contributing their expertise as

REGIONAL JUROR

Queensland's awards programme is the largest awards program in the country, and the only program that seeks to have juries visit all entered work. There have no doubt been professional and personal sacrifices made by you, to enable you to fulfill this role of juror as part of this programme.

We acknowledge that without such contributions we would not be able to deliver the country's most respected, rigorous and successful

awards programmes.

The success of the Queensland Awards Programme is measured, in part, by the connections made with local communities and local councils, the collegiality engendered between members across all regions, media and public messaging on behalf of the profession that accounts for more than 60% of all media coverage achieved across the entire national programme, and the professional development for members that enter and through involvement via juries affords.

Your role as a juror is an integral part of this program. Thank you for being a part of making this possible.

Again, on behalf of all members, thank you.
